

Brand:	KINO FLO
SKU:	8136490256
MPN:	CFX-244

Description

- Built-In Barndoors
- Removable Harness and Reflector
- Includes Removable Honeycomb Louver
- Optional True Match Lamps

The 2' 4Bank Fixture from Kino Flo is a 4-lamp fluorescent light that outputs the equivalent of a 500W softlight while consuming a fraction of the traditional fixture's electrical draw. When used with a standard or DMX ballast (purchased separately) the light has 2 or 4 lamp switching to vary the power output as well as standard and High Output settings to avoid color shifting associated with dimming. Unlike other ballasts, Kino Flo's optional ballasts can be located up to 75' from the head with no power loss, solving the problem of adjustments when the light is hung overhead. Optional True Match lamps that feature a high CRI of 95 are available in 3200K or 5600K color balance.

Benefits

- 4-Lamp remote fixture with built-in barndoors
- Fixture includes removable lamp harness, reflector and louver
- Same fixture takes daylight and tungsten lamps, plus visual effects color lamps
- Mounts to stand, light enough to be hand-held or taped to a wall
- Removable optional center mount
- Optional High Output (HO), flicker-free ballasts
- High color rendering (CRI 95) with optional True Match lamps in 3200K and 5500K
- Visual effects lamps available in 420nm blue, 550nm green for blue and green screen application
- UL listed, CE approved

Lamps	4 x F40/T12 Lamp Sockets
Mounting	Twist-off mount with 3/8" pin
